Education

- 2018-2020: **Master degree in Bioscience Engineering**: Chemistry and Bioindustries at UCLouvain, option Data Science

- 2015-2019: **Bachelor degree in Bioscience Engineering** at UCLouvain, option chemistry

Work experience

- 2019-2020 : Master thesis: Modelling of thyroid morphogenesis
    - Data collection from microscopy
    - Model development

- July 2017 : Internship at Siterem (soil decontamination)
    - Soil sampling
    - CAD of sampling maps

Skills

- Communication :
    - French: mother language
    - English: communication and good scientific understanding
    - Dutch: academic knowledge

- Computer sciences:
    - Java, MATLAB, Python, C++
    - SAS, JMP, SQLite
    - Microsoft office

- Driving license B

Hobbies

- Outdoor activities: hiking, skiing
- Programming
- 3D printing
